Education

Dr. B. C. Roy Engineering College

B.Tech in Computer Science and Engineering, CGPA: 7.28

Aug 2023 – Jun 2027

Durgapur, West Bengal

Holy Cross Public School

Class XII, Percentage: 69.6%

2020 – 2022

Muzaffarpur, Bihar

Sunshine Prep High School

Class X, Percentage: 82%

2019 – 2020

Muzaffarpur, Bihar

Relevant Coursework

- Data Structures
- Algorithms
- Operating Systems
- Database Management
- SQL
- Artificial Intelligence
- OOPS
- Machine Learning

Certifications

Google Student Ambassador Program

Campus Ambassador Certificate

2025

On-Campus

- Organized AI and Generative AI awareness sessions, enhancing student engagement and participation.
- Facilitated hands-on demos and workshops on AI tools and platforms.

Infosys Springboard

Python Programming Track (Basics + Part 1 + Part 2)

2024

Online

- Completed full Python track covering fundamentals, OOP, data structures, file handling, and modules.
- Solved real-world coding problems to strengthen algorithmic and programming skills.

Projects

RasoiMitra – Smart Recipe Companion | Node.js, Express.js, JavaScript, HTML/CSS

Oct 2025

- Developed full-stack recipe discovery platform with Node.js backend and modular frontend.
- Integrated Spoonacular, YouTube Data API, and API Ninjas to provide recipes, nutrition info, and video tutorials.
- Implemented smart search, detailed recipe views, nutrition breakdown, video tutorials, and a 'Liked Recipes' system.
- Designed responsive UI with animations, gradient themes, and mobile-first optimization.

Amazon Clone | HTML, CSS, JavaScript, Responsive UI Design

Nov 2024

- Built fully responsive e-commerce frontend with product listings, cart UI, and interactive components.
- Implemented dynamic sliders, hover effects, category cards, and modular component structure.

SkyCast – Weather Forecasting Website | HTML, CSS, JavaScript, OpenWeather API

Jul 2025

- Developed real-time weather forecasting web app with global city search functionality.
- Displayed temperature, humidity, wind speed, and weather description with dynamic UI elements.

Technical Skills

Languages: Python, JavaScript, HTML, CSS, SQL

Frontend: HTML5, CSS3, Vanilla JavaScript, Responsive Design

Backend: Node.js, Express.js

Developer Tools: VS Code, Git, GitHub, Google Colab

Technologies / APIs: REST APIs, Spoonacular API, YouTube Data API, API Ninjas

Other: Machine Learning basics, Data Structures, OOP, Algorithm Design

Leadership & Extracurricular

- Google Student Ambassador (2025) – Organized workshops, AI/GenAI awareness sessions, and campus events.
- Completed IOT Workshop with hands-on labs.
- Participated in college hackathons, coding competitions, and tech events.
- Contributed to multiple personal projects including full-stack and API-based applications.
- Represented college in cricket tournaments.
